

Online Bill Pay through your Patient Portal

1. Register for Patient Portal with your physician's office.
1. Create your password via the "Welcome Email" you received after registration with your physician's office. If you do not receive the email, call your physician's office to verify your email address and have the physician's office resend the invite.
2. Go to <https://www.azaleahealth.com/login.php> and login with your email address and newly created password
3. Click on "Account Summary" and then click the red button for "Pay Online". See the screen shot below:

4. Follow the steps to enter your credit card information and submit the payment. Remember to print a copy of the receipt for your records. You will also have an Azalea Health payment receipt saved in the document section of your patient portal account.

Additional Online Payment Information:

Once payment is made, the office will process the payment.
If you need to cancel a payment, please contact your physician's office.
